PROFESSIONAL EXPERIENCE

VP, Product & UX/UI Design

🌈 The Motley Fool • Oct. 2020 – Present

Hired 10 designers, crafted design systems, and championed the integration of Design as a core competency.

- **Built the UX Design team.** Led the hiring, onboarding, and people management to a diverse team of 10 UI/UX designers, senior designers, managers, researchers, interns, and contractors, achieving the highest engagement rating in the company, 19% above the benchmark.
- **Established a centralized Design System**, style guide, and component library to drive alignment between designers and developers. Consistency in product development increased by 92%.
- **Developed Design Principles**, processes, practices, tools, resources, and embedded UX designers and researchers across 100% of vertical project teams.
- **Architected a new product design strategy** and delivered UX research data, user testing, user flows, and platform design prototypes to modernize and simplify the suite of 40 products serving 1M customers, increasing user satisfaction by 36%.
- **Reimagined the onboarding experience as a conversational AI**, consolidating all products into one shared system, reducing overhead by 86% while increasing successful onboarding by 400%.
- **Piloted a new product development process** focused on testing rapid prototyping with clear stakeholder communication improving product delivery over 300%.

Head of Brand & Identity Design

🌈 The Motley Fool • Feb. 2019 – present

Responsible for finding a brand design agency and directing the first enterprise-level corporate rebranding in the company's 25-year history.

- **Led corporate rebranding.** A partnership with Pentagram providing strategic and design direction regarding identity, typography, and color. Debuted the new branding at the all-company meeting.
- **Strategized and crafted a rollout strategy** and led a cross-functional team of 20 through delivering the new brand across eight businesses and 70 distinct products in six countries.

Lead Product Designer and Developer

🌈 The Motley Fool • Mar. 2016 – Oct. 2020

Spearheaded a redesign and development of 40 key brands, products, tools, and apps to meet ally guidelines while managing a development team of five.

- **Rebuilt the product suite to meet accessibility requirements.** Guided an overhaul of all products to meet WCAG standards in all design patterns.
- **Enacted a digital strategy to reduce overhead** by editing down to five common content templates on a centralized platform. Reduced duplication and decreased maintenance load by 48%.
- **Provided concept development, design, and coding of new FinTech products.** Launched 25 new consumer subscription products and services on aggressive marketing-driven timelines.
- **Expanded the product engineering team** by managing five new full-stack developers, plus the team's strategic product roadmap, and Scrum backlog

Greg Robbleto

Creative Leader / Product, UX, Design

I am versed in design, technology and product. I use those skills to provide the best creatable experience to the user that still serves the need of the business.
